The general terms of sale herein set out the general terms arising from the provisions of the Tourism Code regarding the sale of trips and breaks.

It is expressly stipulated, in conformity with the provisions of Article L 211-9 of the Tourism Code that the information appearing in this brochure or on the futuroscope.com websites may undergo modifications of which the customer shall be informed before concluding the contract or before departure, with the exception of those pertaining to certain shows, attractions, shops or restaurants, which are open only during certain periods or which may be closed, modified, or cancelled for technical reasons without prior notice.

### I – CONTRACTUAL RELATIONSHIP

1/ SAS Futuroscope Destination, a simplified joint stock company with capital of 300 000 €, registered office: Site du Futuroscope, Jaunay-Clan, 86130 Jaunay-Marigny, France. Registered in the Poitiers trade register n° 400 857 090 and licensed in the Tour and holiday operators register under number IM086100013, is the customer's sole contact and is responsible for the execution of the obligations resulting from these sales terms. FD cannot be held responsible for damages arising from cases of force majeure or from actions by the customer or by any third parties that affect the planning, the performance of the visit, and the services provided during the visit.

2/ The customer acknowledges being legally entitled to enter into a contract under the terms of sales set forth herein, in other words that he or she is at least 18 years of age, is legally competent to enter into a contract and is not a ward or under guardianship.

A letter of consent must be sent to Futuroscope Destination, CS 93030, 86133 Jaunay-Clan Cedex for minors not accompanied by an adult. We reserve the right to cancel the booking if a letter of consent is not provided.

3/ The prices appearing in the FD brochures or on the futuroscope.com websites are applicable during the 2019 season. They have been determined according to prevailing economic conditions at the date of their establishment and may be revised up or down even after reservation in the event of variations to or the application of levies and taxes relating to the services provided (in accordance with articles L221-12, R211-8 and R211-9 of the Tourism code).

In this case, FD reserves the right to modify the global amount of the services by applying the variation percentage to the item concerned. The customer may either cancel or confirm his/her booking under the terms of Article R 211-9 of the Tourism Code. However, no price modification may be applied within twenty days prior to the visit.

4/ Once a file is completed by the customer, FD may not retroactively apply reductions or ad-hoc promotional offers.

5/ Before entering into the contract, FD will provide the customer with a form that includes the legal notices in accordance with articles R211-4 et seq. of the Tourism code, presented in a clear, comprehensible and conspicuous manner.

### II - RESERVATIONS

1/ Reservations must include the number of persons in your party, their ages, the date of arrival and services you have selected (including the number and type of rooms).

2/ Administration charges

Administration fees of 11 € shall be applied to each booking file, for any booking of at least one break that includes accommodation. Booking files that do not include accommodation shall incur administration fees of 4 € per file. An administration charge of 8 € per file applies to the purchase of Futurochèques Cadeaux gift vouchers.

3/ Non-Internet bookings

In the event of reservations less than 30 days before the date of arrival, the contract is binding upon file number allocation and payment of the required price. A booking agreement is sent to the client in return. The file is then confirmed and subject to the clause in paragraph IV.

In the event of reservations more than 30 days before the date of arrival, FD may send the client a contract-option specifying the different services reserved and the price of the total package. The contract-option must be confirmed within the option deadline (the date of payment reception being determinant) by payment in full of services and return of the signed contract. In the event of failure to pay, the contract is cancelled. In absence of the return of a signed contract, the payment of the package shall be considered as acceptance of the general sales terms and services.

The customer may, at any time, request a cost estimate prior to opening a file.

4/ Internet bookings

4.1/ The contract shall be binding upon the allocation of a file number and payment of the required price, regardless of the date on which the booking is made. The customer will receive a booking agreement by E-mail. The file is then confirmed and subject to the clauses in paragraph IV.

4.2/ In the event that the payment request is rejected by the bank Internet server, the agreement will be cancelled and the booking file registered as a price offer. The customer shall have the option of confirming the price offer, subject to availability of the services, by contacting FD by telephone and paying by bank card.

5/ Visitors documents

The visitors documents include entry tickets, hotel vouchers and vouchers for other services. Entry tickets give direct access to Futuroscope; other documents are to be handed in to the appropriate service providers.

Customers are required to arrive on the day indicated on the visitors documents. Customers must notify the hotel directly if they will be arriving at their hotel after 6.00 pm; hotel contact details are included in the visitors documents.

5.1/ Printing the visitors documents

Once payment has been made for all the services included in the booking, within 20 days of the start date of the first booked service, customers may, if they have submitted their e-mail address at the time of booking, print off the visitors documents themselves. By doing so, customers undertake to comply with

the terms of printing, validity and use of the said documents given in article 6.

5.2/ Delivery by post

If a customer does not opt to print the visitors documents, FD will, upon full payment of all the services included in the booking, send the said visitors documents in the 20 days that precede the start date of the first service. Documents can only be sent within France.

5.3/ Document collection from the FD booking offices

Customers may, if they wish, collect the travel pack at the FD booking office, either at the Futuroscope main entrance or at the Gare TGV-Futuroscope train station, upon presentation of the booking file reference before 6.00 p.m.

For customers residing outside of metropolitan France and/or in the event that an amendment or a booking is made less than 10 days before the date on which the first service begins, the final documents are to be collected from one of the FD booking offices before 6 pm, upon presentation of the file number.

6/ Terms of printing, validity and use of visitors documents printed by the customer

6.1/ The visitors documents include a print function that allows them to be printed on a home printer via an Internet connection. No other format (electronic, PC screen shot, portable screen, etc.) will be accepted.

Visitors documents that are print-enabled include the entry tickets to Futuroscope and vouchers and other documents required to take receipt of the other services included in the booking.

6.2/ Validity of printed visitors documents

Customers must ensure that printed visitors documents are of a high print quality.

Printed visitors documents must fulfil the terms of validity given hereafter.

In order to be valid, they must be printed in portrait format with the print size unaltered on an A4 sheet that is blank on both sides. A separate ticket is issued for each person included in the booking, and a separate copy is also issued of the documents covering the other services. All the visitors documents must be printed, without fail. Visitors documents, and in particular the tickets and vouchers, that are partially printed, smudged, damaged or illegible will be deemed invalid and be refused.

If the print quality is poor, the customer must print the print-enabled ticket and/or other documents again in order to be in possession of documents of a high print quality. To check the print quality, make sure that the information given on the ticket and/or on other documents, and the bar code, are clearly legible.

FD declines all responsibility for errors that may occur while tickets or any other documents available for printing by the customer are being ordered, processed or printed.

6.3/ Use of printed visitors documents

Each printed entry ticket includes a unique bar code that grants access to one customer only and which is read and recorded at the entrance to Futuroscope by bar code scanners. Visitors cannot be admitted into Futuroscope more than once with the same ticket. Entry will only be permitted to the first person to present the ticket, who shall be deemed to be the rightful bearer.

Visitors documents are valid for the person named thereon and are nontransferable.

They are non-exchangeable and non-refundable, unless the customer has taken out cancellation insurance which also covers amendment/cancellation costs (see terms of application and dates of cover in paragraph VIII) or where the customer has exercised a right of withdrawal in accordance with the terms and for the limited services indicated in article XII (ii) below.

Customers may be asked to provide an official and valid proof of identity during checks at the entrance to Futuroscope or when handing over other visitors documents to operators providing services as part of the stay in order to enable identification of the purchaser of the said visitors documents. Reproducing, duplicating and forging entry tickets and any other visitors documents, making them available for such purposes and using copies thereof is strictly prohibited. Such actions are punishable by legal prosecution, without prejudice to damages that FD and/or Parc du Futuroscope may rightfully claim from the offending parties for the losses suffered.

### III – TERMS OF PAYMENT

1/ Non-Internet bookings

1.1/ All payment must be made in euros by any authorized legal means of payment accepted by FD. Additional bank costs related to the means of payment used shall be borne by the customer, who hereby expressly agrees. Reservations will only be deemed paid after payment has been received for the full amount, increased if necessary, by any bank costs such as transfer fees, and check cashing fees for foreign banks.

1.2/ In the case of reservations less than 30 days in advance, only bank card payment will be accepted.

2/ Internet bookings

All payments must be settled in euros by Visa, Mastercard or American Express on the day on which the booking is made. Bookings made over the Internet must be paid in full immediately. No other means of payment can be accepted. FD is not responsible for bank card transaction charges resulting from variations in the exchange rate or other reasons.

3/ In the event of late payment by a tourism industry professional, a late payment penalty equal to three times the legal interest rate shall be applied to outstanding amounts. Such interest payments, in addition to payment for the services ordered, shall become due from the tourism industry professional to FD starting on the day after the settlement date indicated in the contract and shall apply for each day that the late payment remains outstanding. The tourism industry professional shall also owe a fixed sum of 40€ to FD as payment for collection charges incurred to recover the amounts due. Additional compensation may be sought by FD if the actual costs incurred exceed 40€.

### IV – MODIFICATION OR CANCELLATION

1/ Modifications, full or partial cancellation at the customer's request

Requests for modifications to, or for full or partial cancellation of

confirmed files (including files booked over the Internet) can only be made through the FD booking office before the start of the first service up to the actual day. They must be made in writing to FD (deadlines for acceptance: date of receipt for requests received by post: 6.00 pm local time for fax 05 49 49 30 25 and e-mail [reservations@futuroscope.fr](mailto:reservations@futuroscope.fr) requests). Charges incurred by requests for amendments shall be payable on the day on which the amendment is made and must be settled by bank card over the telephone.

Services purchased through some special offers are non-exchangeable, non-refundable and non-amendable (except where the right of withdrawal is applied in accordance with the terms and for the limited services indicated in article XII (ii) below). Notwithstanding the terms herein, special cancellation terms may be applied to some special offers (see terms and conditions of the offers).

Only the FD booking office may make amendments, subject to availability. Customers receive an amended contract showing changes that have been made to their booking. No corrections directly added by the customer on an FD document shall be taken into account. Any change in dates of package or hotel accommodation requested by the customer less than 15 days prior to his arrival constitute cancellation of the initial reservation (with application of cancellation costs described in the following clause) and registration of the new order under the terms described above.

2/ Any request for modification by the customer that constitutes full or partial cancellation of a confirmed booking file shall result in FD retaining the sum shown below in addition to the inscription fee and the cancellation insurance fee, if applicable:

	Up to D-15	From D-14 to D-3	From D-2 to D & non presentation
Dated tickets, visit options except meals (full cancellation)	0%	0%	100%
Meals, hotel services and breaks	0%	75%	100%

in which "D" is the day on which the first service begins.

(a) These costs may be covered by the cancellation insurance (see terms of application and date of application in paragraph VIII).

Furthermore, in accordance with the provisions of article L.211-14-11 the customer may cancel the break without paying administration fees "if exceptional and unavoidable circumstances occurring at or in the immediate vicinity of the place of destination" have a significant effect on the break or on transport to the place where the break is to take place. In such an event, the customer shall be entitled to a full refund of the price paid for the break without damages. It is hereby stated that such circumstances shall only be deemed to have occurred on the basis of objective evidence.

In the event that an amendment or cancellation is made after the visitor documents have been printed and before the date of arrival, the customer shall be required to return the relevant vouchers to FD, after having notified FD of the ticket reference numbers that are to be amended or cancelled in order for the request to be considered.

No reimbursement shall be made at the ticket counter or by the FD agencies.

2/ Late arrivals, waiver of service and early departures

In the event that the customer arrives after the date on which the first booked service begins, forgoes one of the services booked as part of the stay (except under the right of withdrawal referred to in articles VIII and XII ii below) or if the stay is terminated early, no reimbursement shall be made, unless provided for under the terms of insurance if such coverage has been taken out by the customer (see terms of application and dates of cover in paragraph VI).

3/ No-shows

In all cases, a no-show by the customer shall result in costs equivalent to the total amount of the file, except under application of the insurance terms if the customer has taken out such coverage (see conditions of application and dates of cover in paragraph VIII).

4/ Modification or cancellation due to FD

In accordance with the provisions of article L.211-13 of the Tourism code, FD reserves the right to amend break files of its own accord before the start of the break. In such a case, FD will notify the customer of the minor amendments that are made. The customer may not claim compensation for amendments made by FD.

Should a vital component of a confirmed file be amended by FD or a confirmed file be cancelled by FD, the provisions of articles R211-9 and R211-10 of the Tourism code shall apply. In such a case, the customer is entitled to reject the proposed amendment and receive a full refund of the price of the break. Further pursuant to article L.211-14 of the Tourism Code, FD must, when obliged to cancel the break due to exceptional and unavoidable circumstances, notify the customer thereof at the earliest opportunity before the start of the break and issue a full refund of payments received for the cancelled break within a maximum period of fourteen (14) days.

5/ Open-ended tickets and open Tickets Gourmands (valid for one year from the date of purchase), as well as Futurochèques Cadeaux gift vouchers, may be neither returned, exchanged, nor reimbursed; cancellation insurance is not applicable. Notwithstanding the foregoing, the customer is, in accordance with article L121-21 of the Consumer code, entitled to a right of withdrawal for any remote purchase of these products, in accordance with the terms set forth in article XI(ii) hereinafter.

### V – ASSIGNMENT OF CONTRACT

In accordance with article L211-11 of the tourism code, the customer may transfer the contract herein up to 7 days from the start on condition that it has not taken effect, with notification given to FD within a reasonable time period, to a person who fulfils the same conditions as the customer. The customer and

transferee remain jointly liable for payment of the balance of the contract and of the transfer fees that shall be notified.

#### VI – CLAIMS

To be taken into consideration, any claim pertaining to a service must be addressed to FD by registered letter, return receipt requested, within 15 days following the stay.

To avoid dispute, proof of visit (entry tickets, vouchers, etc.) indicating the number of visitors must be included with the claim.

Customers who do not receive a satisfactory reply within 60 days of contacting the FD customer services department may refer their case to the tourism and travel ombudsman. Contact details and complaint procedures can be found on the ombudsman website at [www.mtv.travel](http://www.mtv.travel)

For online sales, travellers may apply to the dispute resolution platform available at <https://webgate.ec.europa.eu/odr/>, or MTV Médiation Tourisme Voyage – BP 80 30375 823 Paris Cedex 17, e-mail: [info@mtv.travel](mailto:info@mtv.travel), tel. : (+33)142679668) no later than than one year from the written claim made to FD.

Customers may, if they wish, also take their claim to the online dispute resolution platform offered by the European commission in accordance with article 14 of Regulation (EU) no. 524/2013. This platform is available via the following link: <https://webgate.ec.europa.eu/odr/>.

#### VII – LIABILITY

FD is responsible for the proper performance of the services on offer and for providing assistance to travellers in difficulty.

In the event that its liability is rightfully incurred on account of the services provided, and except in the case of physical injury, deliberate damage or damage caused through negligence, any damages are limited to three times the total price of the break.
